Subject index*

A

Aged
Behavioral disturbances associated with dementia: nursing implications (Boyd). 2001;7:S14-22
Geriatric mental health: an overview (Morris). 2001;7:S2-7
Pharmacologic and nonpharmacologic options for anxiety and depression in late-life (de la Fuente). 2001;7:S8-11
Alzheimer disease
Behavioral disturbances associated with dementia: nursing implications (Boyd). 2001;7:S14-22
American Psychiatric Nurses Association
Announcing APNA careerline (APNA). 2001;7:187
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
The 2001 APNA Models of Best Practices in the Treatment of Schizophrenia Awards: recognizing nurses' accomplishments (Wilbur et al). 2001;7:205-210
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Claiming our specialty (Hill). 2001;7:1-3
Executive Director appointed (Hill). 2001;70:144
Formulating global perspectives on mental health care: impressions and experiences from the APNA delegation to China (Campbell and Rockelli). 2001;7:163-5
Overview of APNA and ISPN unification (Chase et al). 2001;7:207-209
Seclusion and restraint: position statement and standards of practice (APNA). 2001;7:210
Antidepressive agents
Ondansetron in the treatment of antidepressant-induced nausea (Calabrese and McEnany). 2001;7:94-6
Stimulant use in the treatment of iatrogenic somnolence (Calabrese and McEnany). 2001;7:125-7
Anxiety disorders
Exploring the relationship between brief inpatient treatment intensity and treatment outcomes for mood and anxiety disorders (Tucker et al). 2001;7:86-93
Obsessive-compulsive disorder: A personal perspective (Goodgion). 2001;7:128-9
Pharmacologic and nonpharmacologic options for anxiety and depression in late-life (de la Fuente). 2001;7:S8-11
Art; *see* This Month's Cover
Attention deficit hyperactivity disorder
Psychobiology and psychopharmacology: attention deficit/hyperactivity disorder. 2001;7:45-8
Autoimmune diseases of the nervous system
Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection: overview and nursing implications (Lyon and Midkiff). 2001;7:35-8
Awards and prizes
The 2001 APNA Models of Best Practices in the Treatment of Schizophrenia Awards: recognizing nurses' accomplishments (Wilbur et al). 2001;7:205-210

B

Behavioral symptoms
Behavioral disturbances associated with dementia: nursing implications (Boyd). 2001;7:S14-22
Bipolar disorder
Inpatient group therapies for people with bipolar disorder: comparison of a self-management and an interaction model (Pollack et al). 2001;7:179-187
Painting as a hobby (Bowron). 2001;7:97-8
Bupropion

*February, 1-34; April, 35-60; June, 61-98; August, 99-138; October, 139-178; December, 179-216, S1-S22 .

Helping our clients with smoking cessation (Cataldo and Talley). 2001;7:26-31

C

Carnitine
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5
Case management
What is a case manager? The perspective on persons with borderline personality disorder (Nehls). 2001;7:4-12
Central nervous system stimulants
Psychobiology and psychopharmacology: attention deficit/hyperactivity disorder. 2001;7:45-8
Stimulant use in the treatment of iatrogenic somnolence (Calabrese and McEnany). 2001;7:125-7
Certification
National certification opportunity leads to confusion for advanced practice psychiatric nurses (Haber). 2001;7:169-70
Child
Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection: overview and nursing implications (Lyon and Midkiff). 2001;7:35-8
Surgeon General's Conference on Children's Mental Health: developing a national action agenda (Scahill). 2001;7:51-6
Child abuse
Crisis child care: implications for family interventions (Cowen). 2001;7:196-204
China
Formulating global perspectives on mental health care: impressions and experiences from the APNA delegation to China (Campbell and Rockelli). 2001;7:163-5
Community mental health services
Symptomatology and medication monitoring for public mental health consumers: a cultural perspective (Lutz and Warren). 2001;7:115-24
Confidentiality
Confidentiality (Wysocker). 2001;7:57-8
Continuing education
Continuing education-evidence-based psychiatric nursing practice: rhetoric or reality (Kaas). 2001;7:112-4
Continuing education: relationships between psychiatric clinical assessment scores and patients' daily activities (Kass). 2001;70:153-4
Correspondence; *see* Letters
Court; *see* Jurisprudence
Crisis intervention
Crisis child care: implications for family interventions (Cowen). 2001;7:196-204

D

Depression
Pharmacologic and nonpharmacologic options for anxiety and depression in late-life (de la Fuente). 2001;7:S8-11
Web-based information for depression: helpful or hazardous? (Belcher and Holdcraft). 2001;7:61-6
Drug monitoring
Symptomatology and medication monitoring for public mental health consumers: a cultural perspective (Lutz and Warren). 2001;7:115-24

E

Editorials
Claiming our specialty (Hill). 2001;7:1-3
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102
Education, continuing; *see* Continuing education
Implementation of prescriptive practice: a course to facilitate transition from theory into practice (Dresser). 2001;7:191-5
Elderly; *see* Aged
Ethics
Boundaries in professional relationships (Baron). 2001;7:32-4
Confidentiality (Wysocker). 2001;7:57-8
Standards of care (Wysocker). 2001;7:166-8
Evaluation studies
Three perspectives regarding what works and does not work in therapy: a comparison of judgments of clients, nurse-therapists, and uninvolved evaluators (Raingruber). 2001;7:13-21
Evidence-based medicine
@ICI:Evidence-based psychiatric nursing practice: rhetoric or reality (Stuart). 2001;7:103-10

F

Family therapy
Three perspectives regarding what works and does not work in therapy: a comparison of judgments of clients, nurse-therapists, and uninvolved evaluators (Raingruber). 2001;7:13-21

G

Geriatrics; *see* Aged
Ginger
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5
Ginkgo biloba
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5

I

Inpatients
Close observation of suicidal inpatients (Billings). 2001;7:49-50
Communicating for the first time with delusional patients (Wolf). 2001;7:155-62
Exploring the relationship between brief inpatient treatment intensity and treatment outcomes for mood and anxiety disorders (Tucker et al). 2001;7:86-93
Fluid group: concept and clinical application in the therapeutic milieu (Echternacht). 2001;7:39-44
Inpatient group therapies for people with bipolar disorder: comparison of a self-management and an interaction model (Pollack et al). 2001;7:179-187
International Society of Psychiatric-Mental Health Nurses (ISPN)
Overview of APNA and ISPN unification (Chase et al). 2001;7:207-209
Internet
Web-based information for depression: helpful or hazardous? (Belcher and Holdcraft). 2001;7:61-6
Intervention studies
Three perspectives regarding what works and does not work in therapy: a comparison of judgments of clients, nurse-therapists, and uninvolved evaluators (Raingruber). 2001;7:13-21

J

Jobs
Announcing APNA careerline (APNA). 2001;7:187
Jurisprudence
Students go to court: experiential learning about domestic violence (Evans et al). 2001;7:67-71

L

Lactobacillus acidophilus
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5
Legal and Ethical Considerations
Boundaries in professional relationships (Baron). 2001;7:32-4
Confidentiality (Wysocker). 2001;7:57-8

Standards of care (Wysocker). 2001;7:166-8
Letters
Overview of APNA and ISPN unification (Chase et al). 2001;7:207-209

M

Medicine, herbal
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5
Mental health
Geriatric mental health: an overview (Morris). 2001;7:S2-7
Surgeon General's Conference on Children's Mental Health: developing a national action agenda (Scahill). 2001;7:51-6
Mentors
The National Institute of Nursing Research/National Institute of Mental Health mentorship program: building the capacity of psychiatric mental health nurse researchers (Cochrane). 2001;7:171-2
Models, nursing
Evidence-based psychiatric nursing practice: rhetoric or reality (Stuart). 2001;7:103-10
Mood disorders
Exploring the relationship between brief inpatient treatment intensity and treatment outcomes for mood and anxiety disorders (Tucker et al). 2001;7:86-93

N

National Institute of Mental Health
The National Institute of Nursing Research/National Institute of Mental Health mentorship program: building the capacity of psychiatric mental health nurse researchers (Cochrane). 2001;7:171-2
National Institute of Nursing
The National Institute of Nursing Research/National Institute of Mental Health mentorship program: building the capacity of psychiatric mental health nurse researchers (Cochrane). 2001;7:171-2
Nausea
Ondansetron in the treatment of antidepressant-induced nausea (Calabrese and McEnany). 2001;7:94-6
Nefazodone
Ondansetron in the treatment of antidepressant-induced nausea (Calabrese and McEnany). 2001;7:94-6
Nicotine
Helping our clients with smoking cessation (Cataldo and Talley). 2001;7:26-31
Nurse clinicians
Outcomes and satisfaction of patients of psychiatric clinical nurse specialists (Baradell and Bordeaux). 2001;7:77-85
Nurse-patient relations
Boundaries in professional relationships (Baron). 2001;7:32-4
Close observation of suicidal inpatients (Billings). 2001;7:49-50
Communicating for the first time with delusional patients (Wolf). 2001;7:155-62
Confidentiality (Wysocker). 2001;7:57-8
Fluid group: concept and clinical application in the therapeutic milieu (Echternacht). 2001;7:39-44

O

Obsessive-compulsive disorder
Obsessive-compulsive disorder: A personal perspective (Goodgion). 2001;7:128-9
Ondansetron
Ondansetron in the treatment of antidepressant-induced nausea (Calabrese and McEnany). 2001;7:94-6
Outcome assessment
Continuing education: relationships between psychiatric clinical assessment scores and patients' daily activities (Kass). 2001;70:153-4
Relationships between psychiatric clinical assessments scores and patients' daily activities (Cronin et al). 2001;70:145-52
Outpatients
Outcomes and satisfaction of patients of psychiatric clinical nurse specialists (Baradell and Bordeaux). 2001;7:77-85

P

Patient isolation
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Relationship of less restrictive interventions with seclusion/restraints usage, average years of psychiatric experience, and staff mix (Williams and Myers). 2001;70:139-44
Seclusion and restraint: position statement and standards of practice (APNA). 2001;7:210
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102
Patient readmission
Continuing education: relationships between psychiatric clinical assessment scores and patients' daily activities (Kass). 2001;70:153-4
Relationships between psychiatric clinical assessments scores and patients' daily activities (Cronin et al). 2001;70:145-52
Patient satisfaction
Outcomes and satisfaction of patients of psychiatric clinical nurse specialists (Baradell and Bordeaux). 2001;7:77-85
Personality disorders
What is a case manager? The perspective on persons with borderline personality disorder (Nehls). 2001;7:4-12
Policy and Politics
National certification opportunity leads to confusion for advanced practice psychiatric nurses (Haber). 2001;7:169-70
Prescriptions, drug
Implementation of prescriptive practice: a course to facilitate transition from theory into practice (Dresser). 2001;7:191-5
Implementation of prescriptive practice: resolution of institutional issues and evolution of community standards (Dresser et al). 2001;7:72-6
Problem-based learning
Students go to court: experiential learning about domestic violence (Evans et al). 2001;7:67-71
Psychiatric nursing
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Claiming our specialty (Hill). 2001;7:1-3
Continuing education-evidence-based psychiatric nursing practice: rhetoric or reality (Kaas). 2001;7:112-4
Developing a research program (Austin). 2001;7:173-6
Evidence-based psychiatric nursing practice: rhetoric or reality (Stuart). 2001;7:103-10
Fluid group: concept and clinical application in the therapeutic milieu (Echternacht). 2001;7:39-44
Formulating global perspectives on mental health care: impressions and experiences from the APNA delegation to China (Campbell and Rockelli). 2001;7:163-5
Helping our clients with smoking cessation (Cataldo and Talley). 2001;7:26-31
Implementation of prescriptive practice: a course to facilitate transition from theory into practice (Dresser). 2001;7:191-5
Implementation of prescriptive practice: resolution of institutional issues and evolution of community standards (Dresser et al). 2001;7:72-6
National certification opportunity leads to confusion for advanced practice psychiatric nurses (Haber). 2001;7:169-70

Outcomes and satisfaction of patients of psychiatric clinical nurse specialists (Baradell and Bordeaux). 2001;7:77-85
Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection: overview and nursing implications (Lyon and Midkiff). 2001;7:35-8
Relationship of less restrictive interventions with seclusion/restraints usage, average years of psychiatric experience, and staff mix (Williams and Myers). 2001;70:139-44
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102
Standards of care (Wysocker). 2001;7:166-8
Symptomatology and medication monitoring for public mental health consumers: a cultural perspective (Lutz and Warren). 2001;7:115-24
What is a case manager? The perspective on persons with borderline personality disorder (Nehls). 2001;7:4-12

Psychobiology Perspectives
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5
Ondansetron in the treatment of antidepressant-induced nausea (Calabrese and McEnany). 2001;7:94-6
Psychobiology and psychopharmacology: attention deficit/hyperactivity disorder. 2001;7:45-8

Psychotherapy
Inpatient group therapies for people with bipolar disorder: comparison of a self-management and an interaction model (Pollack et al). 2001;7:179-187
Web-based information for depression: helpful or hazardous? (Belcher and Holdcraft). 2001;7:61-6

Psychotropic drugs
Herbal psychotropics. Part 4: focus on *Gingko biloba*, L-carnitine, *Lactobacillus acidophilus*, and ginger root (McEnany). 2001;7:22-5

R

Research
Developing a research program (Austin). 2001;7:173-6
The National Institute of Nursing Research/National Institute of Mental Health mentorship program: building the capacity of psychiatric mental health nurse researchers (Cochrane). 2001;7:171-2

Restraint, physical
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Relationship of less restrictive interventions with seclusion/restraints usage, average years of psychiatric experience, and staff mix (Williams and Myers). 2001;70:139-44
Seclusion and restraint: position statement and standards of practice (APNA). 2001;7:210
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102

S

Safety management
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Seclusion and restraint: position statement and standards of practice (APNA). 2001;7:210
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102

Schizophrenia
The 2001 APNA Models of Best Practices in the Treatment of Schizophrenia Awards: recognizing nurses' accomplishments (Wilbur et al). 2001;7:205-210

Smoking cessation
Helping our clients with smoking cessation (Cataldo and Talley). 2001;7:26-31

Social work
Crisis child care: implications for family interventions (Cowen). 2001;7:196-204

Somnolence
Stimulant use in the treatment of iatrogenic somnolence (Calabrese and McEnany). 2001;7:125-7

Standards
American Psychiatric Nurses Association position statement on the use of seclusion and restraint (APNA). 2001;7:130-3
APNA plays a leadership role in shaping mental health policy related to seclusion and restraint (Haber). 2001;7:134-6
Implementation of prescriptive practice: resolution of institutional issues and evolution of community standards (Dresser et al). 2001;7:72-6
Seclusion and restraint: position statement and standards of practice (APNA). 2001;7:210
Seclusion and restraint standards: a platform for creating safety for patients and staff (DeLacy). 2001;7:99-102
Standards of care (Wysocker). 2001;7:166-8

Streptococcal infections
Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection: overview and nursing implications (Lyon and Midkiff). 2001;7:35-8

Students, nursing
Communicating for the first time with delusional patients (Wolf). 2001;7:155-62

Suicide
